Dear Parent/Guardian,

**Re: Email exchange/video presentation**

Over the course of the next two years your son/daughter will be involved in an email exchange/video presentation sharing with Joan Coromines school in Barcelona, Spain. This is an exciting opportunity for students to liaise with native speakers and develop reading, writing and potentially speaking skills through the use of Skype. In order for the exchange to be “real” for students, they would like to exchange individual email addresses and therefore build a personal relationship with their “email penpal”, developing and deepening their cultural understanding of Spain. As the email addresses will be individual to each student, school will not have any control over the content of information exchanged, so parents and carers need to be aware that this is the case.

I have been conducting this email/video presentation sharing with the Spanish teacher Olga Puig for the last seven years and using Skype in the classroom. Students have found it an extremely fun way to add to their already developing use of Spanish language.

If you would like any further information or have any concerns about this link, then please do not hesitate to contact me at school.

Yours sincerely

Mrs Samantha Price  
MFL Coordinator
