

Curriculum Statement

Fairfield High School offers a broad and balanced curriculum that builds on the knowledge, understanding and skills of all students.

The curriculum at Key Stage 3 includes access to a variety of traditional, practical and non-EBacc subjects. In addition, the Key Stage 4 curriculum aims to ensure that a range of both academic and vocational qualifications are open to all students through their options choices, ensuring a broad and balanced curriculum.

The greater flexibility in the curriculum afforded to Academy Schools, allows the Fairfield curriculum to incorporate the statutory requirements of the National Curriculum as well as other experiences and opportunities which best meet the learning and developmental needs of our students.

Overall, the aim of our curriculum is for our students to have the requisite skills to be successful, independent and motivated learners in readiness for the next stage of their education or employment.
